

# WRAPCAP PROGRAM

WrapCap Project was a 5-year initiative led by the Centre For Newcomers to develop sector capacity in the use of the wraparound service delivery model which aimed to support the standardization and coordination of newcomer youth settlement services. The project was funded by Immigration, Refugee and Citizenship Canada from May 2020 to March 2025. WrapCap worked with settlement and non-settlement agencies across IRCC's PNT Region (Alberta, Saskatchewan, Manitoba, and the Northwest Territories).

## **Benefits of participating in this program:**

### **Youth**

- A chance for your voice to be heard and reflected in the development of newcomer youth programming in the future.
- Opportunity to engage with settlement, non-settlement, industry, and government organizations to share your experience with settlement services in Canada.
- Learn more about Wraparound Service Delivery, share your ideas, experiences, and expertise. Help identify service gaps and craft innovative solutions to fill these gaps.
- Deploy and develop leadership and communication skills.
- Develop relationships and connections with other youth, organizations and businesses across Alberta, Saskatchewan, Manitoba, and the NWT.

# WRAPCAP PROGRAM

## **Organizations**

- A chance to engage and liaise with other sectors and industries to help support newcomer youth services within respective organizations by reflecting on the practices of lived experience.
- Opportunity to become a part of the community response to settlement by understanding the process and impact of immigration on youth settlement.
- Liaise with other sectors and learn from their practices. Enhance organizational capacity to respond effectively to newcomer youth and families.
- Learn key aspects of settlement, from other sectors, that can support your own organization's human resource and diversity and inclusion policies; employee engagement; and the success of industry mandates.

## **Organization Partners**

### **Year 1:**

- Monthly team meetings
- Online Wraparound training from a settlement perspective

The goal of year one is to establish a working terms of reference, a foundation of understanding of what wraparound is, and how wraparound can be reflected in sector practice.

## **Youth Partners**

### **Year 1:**

- 12 meetings/workshops
- Participate in wrap training as needed

The goal of year one is to establish a working term of reference, a foundation of understanding of what wraparound is, develop an open dialogue of settlement experiences, and ways settlement for youth can be improved to better reflect the realities of newcomer youth.
