Since 1988 the Centre for Newcomers has been a key resource for immigrants and refugees of all nationalities. Our vision is the ultimate goal, the world we imagine for Calgary; a community that values diversity, in which people of all backgrounds find and create opportunities to fulfil dreams and participate fully as citizens.

These values are reflected in our mission to support newcomers and the receiving community in becoming a diverse, united community, through services and initiatives that create conditions of success for newcomers and that foster a welcoming environment in Calgary.

We view the integration of newcomers as a two-way process of experience, influence and impact between newcomers and the communities that welcome them.
